Art Unit: 1652

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1, 4-5, 12, 23, drawn to methods of altering substrate specificity of Phosphoinositides-dependent protein kinase 1 (PDK1) and methods of phosphorylating a substrate polypeptide.

Group II, claim(s) 2-3, 6, 14, 16, 21, 24-26, 29, 31 and 33 drawn to preparations comprising PDK1 and methods of making and using said preparations.

Group III. Claims 7-11 and 27-28, and 32, drawn to modulators of PDK1 and methods of identifying modulators of PDK1.

Group IV, claims 13, drawn to methods of identifying compounds that mimic the effect of 3-phosphoinositide on PDK1 or PDK2.

Group V, claims 15, 17-22, 30 drawn to DNA sequences encoding PRK2, PRK1 or PKC, vectors and host cells comprising said products and methods of expressing said products and their expression products.

The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the special technical features of Groups I-V are PDK1 substrates, preparations comprising PDK1, modulators of PDK1, mimetics of said modulators and DNA, respectively which are each directed to products of unrelated chemical structure and function.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 1652

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
